Sub: Urgent Meeting on Preparation of Phasing Out Plan for implementation of new Environmental Norms for Thermal Plants issued by MOEF&CC – reg.

Ref: CEA, New Delhi e-mail dated 20.03.2017

Sir/Ma'am

It is to kindly inform that a Meeting was conducted in CEA on 17th March 2017 with regard to Phasing Out of Units which may not meet the new environment norms. Around 72 GW has been identified for Phasing Out in the country, out of which, around 12,950 MW (50 units) are in Southern Region. (list enclosed) As per MoEF & CC Notification dated 07.12.2015, **all older units are to meet the revised norms by 07.12.2017.**

Difficulties in phasing out these units by 07.12.2017 , if any, such as maintaining LGB, grid security aspects, transmission/distribution constraints etc need to be clearly elaborated and substantiated to work out a Phasing Plan which would be submitted to MoP/MoEF through CEA for kind consideration. Commercial constraints are not to be cited as the same would be looked after by the appropriate Commission.

It is now proposed to convene a Meeting at **10:30 hrs on 25.03.2017 (Saturday) at SRPC, Bengaluru to arrive at the Phasing Out Plan.** It is requested to kindly make it convenient (or nominate the concerned officials) to attend this Meeting.

धन्यवाद /Thanking you,

संलग्न : यथोपरि / Encl: As above

भवदीय / Yours faithfully
