Executive Director  
 SRLDC,  
 BENGALURU

Sir,

As you are kindly aware, NNTPS station (1,000 MW) is under advanced stages of commissioning. It is understood that the LTA application for NNTPS is for a quantum of 400 MW. In the Special Meeting held at Hyderabad on 31.08.2018, SRLDC had stated that they would undertake scheduling of a plant, only in case access for the full quantum is in place. In the case of NNTPS, the access is for a quantum of 400 MW while plant capacity is 1000 MW.

On account of the above, the views of SRLDC on this subject may kindly be intimated to us at an early date.

Thanking you.

Yours faithfully,

Sub : Scheduling of ISGS -SRLDC view - Reg..

Dear Sir,

This has reference to letter No. SRPC/SE-II/2018/6029-30 dated 14.09.2018 on the subject matter. SRLDC will follow IEGC in scheduling of power from ISGS and other source as mandated in IEGC. However, in special cases and based on the request come from beneficiary, appropriate adhoc action may be agreed among the associated agencies and SRPC in the interest of Grid.

SRLDC may agree to such adhoc arrangements including scheduling of Power by SRLDC which is in line with existing practice / Clause relevance to CERC orders.

Thanking you,

Yours faithfully,
